

B808 spectacles clear

Stylish, superbly protective and lightweight goggles with clear PLATINUM lenses. Suitable for versatile work use. Offers extra protection from the sides, top and bottom. Completely metal-free construction without any corrosive parts: also suitable for conditions where goggles need to be cleaned with demanding methods.

Protects against UV rays without compromising color resolution, and against low-energy mechanical hazards (6 mm 0.86 g metal ball at 45 m / s). Anti-fog and anti-scratch coated lenses with a coating that exceeds the requirements of the best available Class N and Class K test methods. Polycarbonate lens optics class 1: Designed for long-term continuous use.

Advantages of PLATINUM coating:

- Excellent protection against fogging, ensuring good vision in varying conditions
- Excellent resistance to mechanical wear and possible scratches
- Cleaning resistant (cleaning with water & soap combination or Bollé Safety B-Clean products)
- Permanently on both sides of the lenses
- Improves work efficiency, work safety, goggle reliability and comfort
- Recommended choice, versatile for general use as well as for hot and humid working conditions and sweat-lifting work

Technical information:

Frame marking: EN166 F CE

Lens marking: 2C 1.2 1 F KN CE

Certification: EN166, EN170

Material: Polycarbonate

Lens: Thickness 2.2 mm
